Bogus Certificates.

It is no vile drugged stuff, pretending to be made of wonderful foreign roots, barks, &c., and puffed up by long bogus certificates of pretended miraculous cures, but a simple, pure, effective medicine made of well known valuable remedies, that furnishes its own certificates by its cures. We refer to Hop Bitters, the purest and best of medicines. See "Truths" and "Proverbs," in another column.

Personal.

Messrs. E. J. Sanford and T. S. Webb returned home yesterday evening from a trip of a few weeks hunting and pleasure-seeking out on the frontier. They are looking much improved and enjoyed their trip very much, barring the discomfort caused by the Indian massacre, and lamentable death of Major Thornburgh, not far from them. They left Hon. J. M. Thornburgh at Fort Fred Steele. We are rejoiced to learn from them that he is very much improved in health, looking better than for years past. The camp life agrees with him, and he will likely remain there, looking after the wants of his brother's family, till the cold weather drives him home. The remains of Maj. T. T. Thornburgh were buried on the battle ground, and will be left there until the weather will permit of their removal.

The Venomous Breath of Malaria.

Does not infect the system of those who use Easton's Stomach Bitter as a precaution against it. Nor is it less useful as a remedy where intermittent and remittent fever has fully established itself, in consequence of a neglect of preventive measures. It checks the paroxysms with astonishing certainty, and eradicates this type of disease, even in its most inveterate form. This medicine is an especial boon to the emigrant population of the far West, where fevers of a malarial type are particularly prevalent, but the recognition of its merits is so far from being limited, that it is known and appreciated at its true value throughout the length and breadth of America. Travelers by land and sea, miners and soldiers, and healthy localities, esteem it highly, and are its most constant purchasers, and in many a rural household far and wide it is the chosen family medicine.

Another Revenue Raid in Hawkins County.

Mr. George T. Larkins, United States Deputy Marshal, who has just returned from a trip to the mountainous part of Hawkins county, reports that he, in company with Ed. Harrell, Thomas Harrell and Lewis Anderson, as guards, captured in the 9th civil district of Hawkins county this week (thurs. ill. dist. court) three Jesse Johnsons, John Johnson and Joseph Lane, with one still of about 57 gallons capacity, and from 35 to 40 gallons of brandy and one horse. The parties above named are Virginians, who had just crossed the line, and from indications plainly traceable were just getting ready to make their way out of this State with their brandy and other fixtures. They were situated within about one mile of the Virginia line of Scott county, and the brandy was found at the house of one Mr. John Hartledge, about one mile from the distillery, and only about one mile from the State line of Virginia. The prisoners were all brought to Rogersville and were examined by Capt. McDermott, U. S. Commissioner, who required bail for their appearance at the January term, 1880, of the Federal Court, to be held at Knoxville, Tennessee. Jesse Johnson and John Johnson were committed to jail in default of bail, and Mr. Joseph Lane gave bail, as was required, for his appearance at the time above stated.

When will our people in the South learn again to respect the law and its mandates? Is it possible that the Southern people have lost all respect for law and order, and are bent on acquiring the unenviable position of outlaws and ruffians under the guise of chivalry? What a misnomer, this word chivalry, as used by the people of the South—Morristown Times.
